Football Foundation Fundraising, Reimagined

Fans Compete. Foundations Thrive.

Your foundation runs a trivia tournament. Fans donate to enter, battle for a club-chosen prize, and every penny raised goes straight to your community projects.

SIMPLE BY DESIGN

How It Works

"We need to raise funds" to "community just received a donation" in 3 steps.

01

Set Up a Club Trivia Tournament

Your foundation picks a theme: club legends, match history, Premier League knowledge. Then choose the prize fans will compete for: a signed shirt, match tickets, or a stadium tour.

02

Your Fans Enter

Share the competition link across your club's social channels and supporter groups. Fans pay a small entry fee, answer your questions, and battle up the live leaderboard. The more you share, the more you raise.

03

Community Wins

The top scorer wins the club-chosen prize. Every entry fee goes directly to your foundation's community projects. Fans get a brilliant experience, and your cause gets the funding it deserves.

THE SMART FUNDRAISING CHOICE

Why Trivia?

A donation page is fine. But this is way more fun and raises far more money.

Fans Love to Compete
Football supporters are already passionate and competitive. A club-themed trivia tournament channels that energy into fundraising. They give because they want to win.

Spreads Through Fan Networks
Competitions spread organically through supporter groups, club social channels, and WhatsApp threads. More entries, more money, more impact for your community.

Club-Chosen Prizes
Signed shirts, match-day hospitality, stadium tours, squad meet-and-greets. Prizes only your club can offer, so fans can't get them anywhere else.

100% Goes to Your Foundation
Every penny of entry fees (minus payment processing costs) goes directly to your foundation's community projects. No platform cut. Full transparency.

Club-themed questions
Match history, player records, cup runs, legendary moments. You pick the theme your fan base will love and engage with most.

Live leaderboard
Fans see their ranking in real time, fuelling rivalry and social sharing as the tournament heats up towards the deadline.

Secure payments
Entry fees are handled securely. Funds are released directly to your foundation once the tournament closes.

Share in one tap
Tournaments are fully mobile-optimised. Fans enter and share directly from their phones, no app required.

FOUNDATIONS WHO'VE BEEN THERE

What Foundations Say

★★★★★

"Honestly we weren't sure what to expect. Ended up with over 400 entries in the first week. The WhatsApp groups were going mental. Easily the best thing we've done for fundraising."

Dan H.
Partnerships Manager, North West Club Foundation

★★★★★

"We raised £3,200 in two weeks for our schools programme. Our last fundraiser did £600 over two months. People actually wanted to take part rather than just feeling like they had to donate."

Priya M.
Community Manager, Midlands Club Foundation

★★★★★

"Using a signed shirt as the prize was the right call. Fans went after it way harder than they would a cash prize because it's something only we can give them. Already got it booked in for next year."

James R.
Foundation Director, Southern Premier League Club
